

## **OTVORENA POZICIJA**

Postani dio multinacionalne integralne inženjerske tvrtke - pridruži se dinamičnom, modernom i raznolikom timu grupe Mack Project Engineering!

Pružamo cijeli niz inženjerskih usluga temeljenih na informacijskom modeliranju zgrada (BIM) i Lean konstrukciji.

S 25 godina iskustva iza nas, ponosno možemo reći da smo se uspješno uhvatili u koštac s izazovnim projektima u području farmacije, ugostiteljstva, stambenih zgrada i dr. – iz čega su nastale vrijedne reference.

Zašto bi trebao/la postati dio našeg tima?

Etablirana smo tvrtka u brzorastućoj građevinskoj industriji i tražimo talente koji će ojačati naš tim i aktivno sudjelovati u daljnjem razvoju tvrtke; tvrtke koja je prihvatila inovacije i digitalnu transformaciju; tvrtke koja ulaže u ljude i suvremene tehnologije, kako bi pružila cijeli spektar visokokvalitetnih inženjerskih usluga.

Ako baš to tražiš, vrijeme je za sljedeći korak - prijavi se za poziciju:

### **Voditelj projekta / Voditelj građenja (m/ž)**

#### **Opis posla:**

- Voditelj projekta / Voditelj građenja (site & project management) na izgradnji građevinskih objekata
- samostalno planiranje i vođenje projekta
- ugovaranje radova s izvođačima i dobavljačima
- planiranje, praćenje i kontrola realizacije projektnih troškova

- koordinacija sudionika u gradnji, praćenje rokova
- izvještavanje te vođenje potrebne dokumentacije vezane uz projekt odnosno gradilište

### **Potrebne kompetencije:**

- Viša (VŠS) ili visoka (VSS) stručna sprema/ prvostupnik ili magistar građevinske struke
- Najmanje 2 godine relevantnog radnog iskustva
- Poznavanje i korištenje računalnih programa: MS Office, Auto-Cad, MS Project
- Prednost - poznavanje REVIT, ARCHICAD i 3D CAD sučelja
- Prednost - poznavanje BIM standarda
- Prednost – položen stručni ispit i ovlaštenje nadležne inženjerske komore
- Znanje engleskog u govoru i pismu (prednost znanje Talijanskog)
- Vozačka dozvola B kategorije
- Vještine i iskustvo upravljanja sa timom
- Inicijativa i samostalno donošenje operativnih odluka
- Poznavanje aktualnih tehnologija građenja, procesa, materijala, poslovnih i pravnih pitanja

### **Što nudimo:**

- Radni odnos na neodređeno vrijeme uz probni rok od 3 mjeseca
- Kompetitivna primanja
- Rad u kompaniji sa širokim znanjima i integriranim uslugama u području građevine
- Suvremeni način rada uz korištenje modernih tehnoloških rješenja i BIM standarda
- Internacionalni karakter kompanije
- Kulturu kompanije koja potiče inicijativu i inovativnost zaposlenika, otvorenu komunikaciju, osobnu profesionalnu realizaciju, te omogućava ostvarenje *Work-Life* balansa
- Profesionalni razvoj i edukacije

Životopis poslati putem emaila [careers@mack-project.com](mailto:careers@mack-project.com).

Kontaktirat će se samo oni kandidati koji ispunjavaju uvjete navedene u oglasu.

## **JOB OPPORTUNITY**

Become a part of a multinational integrated engineering company - join the dynamic, modern, and diverse team of Mack Project Engineering Group!

We provide a full range of engineering services based on Building Information Modeling (BIM) and Lean Construction.

With 25 years of experience behind us, we can proudly say we successfully tackled challenging projects in the fields of pharmaceuticals, hospitality, sports camps, residential buildings - all providing us with valuable references.

Why should you become a part of our team?

We are an established player in the fast-growing construction industry, looking for high-performing talents to strengthen our team and to actively take part in further company development; a company that embraced innovation and digital transformation; a company that invests in people and contemporary technologies, to provide a full range of high-quality engineering services.

If this is what you are looking for, take the next step - apply for the position of:

### **Project Manager / Construction site Manager (Junior)**

#### **Job description:**

- Project management / Construction site management – Construction projects
- Independent planning and project management
- Contracting subcontractors and suppliers
- Planning, monitoring, and controlling the project costs, quality, and on-time delivery
- Coordination of construction stakeholders

- Reporting and keeping the necessary project documentation and legally required documentation for construction site management

**Required competencies:**

- Bachelor's or Master's degree in Civil Engineering
- At least 2 years of relevant work experience
- Knowledge and use of computer programs: MS Office, Auto-Cad, MS Project
- Croatian language - native or full professional proficiency
- English language - professional working proficiency (advantage: knowledge of Italian language)
- Driving license B category
- Team management skills and experience
- Initiative and independent decision-making
- Knowledge of contemporary construction technologies, processes, materials, business and legal issues

**Advantages:**

- Knowledge of REVIT, ARCHICAD, and 3D CAD interfaces
- Knowledge and experience with the BIM standards
- Acquired professional exam and certification from the competent chamber of engineering

**What we offer:**

- Employment for an indefinite period with a trial period of 3 months
- Competitive compensation package

- Working in a company with extensive knowledge and integrated services in the field of construction
- Modern way of working with the use of modern technological solutions and BIM standards
- The international character of the company
- The company culture that encourages initiative and innovation of employees, open communication, personal and professional realization, and enables the realization of Work-Life balance
- Professional development and education
